NEW ALBANY AND SALEM R. R.—By the present time about the old reliable route, passenger trains leave New Albany at 8:00 A. M. and 12:05 and 2:35 P. M.

Passengers leaving St. Louis at 6:50 A. M. and 2:40 P. M. make close connections at Mitchell with some trains on the Ohio & Mississippi road as are made by trains on the Jeffersonville road, leaving at 11: A. M. and 10 P. M., and passengers reach St. Louis at precisely the same time—2:45 A. M. and 2:30 P. M.

Passengers leaving St. Louis at 6:50 A. M. and 2:40 P. M. reach Louisville at 8:30 P. M. and 5 A. M.—in time to connect with trains on the Louisville and Lexington and Louisville and Nashville railroads.

Passengers will find this route as pleasant, quick, reliable, safe and shorter than any route between Louisville and St. Louis.

Col. Thomas H. Holt, Democratic candidate for Congress in this district, will address the people at New Castle, Henry county, Monday, June 6th. Shelbyville, Monday, June 13th.

THE CONCERT.—We need only remind our readers that this evening is the time, and Masonic Temple the place for the concert, which is intended at once to show the respect cherished for the memory of Mr. Smith, and the sympathy felt for his family.

A delightful concert it bids fair to be, for not only are we sure of music of high order beautifully rendered, but there is every indication of the presence of a large and enthusiastic audience. The larger the better. Let the tribute paid be a glorious one, worthy of the occasion, and just to the liberality of the warm hearted citizens of Louisville.

MORE DARING BURGLARIES.—Not a day or night now passes without many daring robberies and burglaries being committed in our midst, and, as yet, not one of the rascals has been caught. Chief Ray had better organize a new, or an increased police force.

TUESDAY NIGHT.—In consequence of the illness of one of the company, the play of "Kit Carson" was postponed, and "Jack Sheppard" presented in its stead last evening. The performance of both pieces gave very general satisfaction to a good house. Miss Wells, as usual, being the favorite.

To-night will be presented the drama of Kit Carson, Miss Louis Wells personating the character of "Agnes Vernon," to be followed by "Jack Sheppard on Horseback." Miss Wells, in both pieces, will be sustained by the entire strength of the company, and doubtless the evening's entertainment will be very attractive. We hope to see a full house.

WE are requested to call special attention to the auction advertisement of Messrs. S. G. Henry & Co., in our columns this morning. They sell on Wednesday, June 15th, at 10 o'clock, on the premises, by order of assignee, the large foundry and machine shop, formerly worked by Lawson & Pearce. To any one wishing to commence the foundry business, this will be a rare chance for investment. For particulars, see advertisement in our auction columns.

MR. Nathan White requests us to say that the auction sales of gold and silver watches, gold jewelry, gold pens, and fancy goods, will be continued every evening this week, at 7½ o'clock, at his auction rooms, No. 84 Fourth street. Persons in want of rooms, or watches, would do well to attend the sales, as the stock is to be closed out regardless of cost. It will sell goods at private sale during the day at auction prices.

JEFFERSON COUNTY is well and worthily represented in the New Albany Horse Fair. E. Dorsey, Sr., has seven of his superb Morgans, L. L. Dorsey seven, and E. Dorsey, Jr., three of the same stock. Jeff Williams, Sam Lewis, H. Ormsby, Joe Burks, and Sam Garr, also of Jefferson county, will show their stock during the week. In all there are forty-two head from Jefferson county.

THE SLAVER.—All the testimony has been submitted in the slander case of Lansing and wife vs. Rev. Mr. Ford, and Col. Caldwell and W. F. Fry, Esq., argued the case for defendant. Judge Pirtle will follow on the same side this morning, and Lovell Rousseau, Esq., will close for plaintiff.

CHANCE FOR INVESTMENT.—It will be seen by the advertisement of Messrs. & Sons, in another column, that they offer to dispose of a desirable business on very accommodating terms. A good steady workman can make it a money making investment, on a very small outlay of capital.

FURNITURE BUYERS will find the furniture in the City Hotel, which is to be sold at auction this morning, by C. C. Spencer, in excellent order—the most of which is new, and of the latest styles.

JOHN STALEY, a cabinet maker, died suddenly, last night, at the Gathright House. He had been dissipating for some time, and it killed him.

The Horse Fair near New Albany.  
The Floyd County (Ind.) Agricultural Association for the show of horses and display of flowers, commenced yesterday on the grounds near the city of New Albany. The first day of a fair is not calculated to attract a great crowd, as the animals exhibited are those of service and utility, rather than show and elegance, and the rings were exclusively for Indiana horses. Hence the attendance yesterday was not so large as it will be this day and to-morrow, when the rings are free for all the world and the balance of the animal kingdom. But to commence at the beginning:

The fair grounds are one-half mile from New Albany, and convenient for those who prefer vehicles, but the crowd reach it by cars of the New Albany and Salem railroad, for the moderate fare of five cents. The grounds comprise sixty-two acres, which are inclosed by a substantial plank fence, nine feet in height. With the improvements, up to this time, \$13,000 has been expended for buildings, &c., and the association does not owe a dollar. The stock is in shares of \$25 each. No member is allowed to own one share, and proxy votes are inadmissible. No officer, excepting the Secretary, who is paid \$200 per year, receives compensation. All generously donate their services for the glory and honor, asking no profit.

The amphitheater, which is but partially built, when completed will measure 999 feet 2 inches. It will consist of four sections, with a large space between each, for the purpose of ventilation, but all inclosed under one roof. It will be finished by September, in which month the State Fair will be held at that place.

The time track for trotters and pacers, is precisely one mile around, measured 4 feet from the inside. It is almost a perfect oval, the back and home stretch and the two curves each being a quarter of a mile in length. It is 25 feet in width. The peculiar character of the soil, the excellent grade, and the perfection of the curves, has caused judges to pronounce it the best track for time in the country. There are, also, two miles of serpentine track for drives, that render unnecessary the use of the time track. The Association will soon contract for a Power Hall, and another building which will be designated Floral Hall. The first will be 100 feet by 44, with a shaft extending the entire length with pulleys for power machinery. Floral Hall will be octagonal in shape, and will combine durability and elegance. It will be 450 feet in circumference. These will be completed for the State Fair exhibition.

There are now stables for the accommodation of 300 head of stock, and it is proposed to increase the number to 600, and all the stables to be of good size, and built substantially. There are two excellent wells and five cisterns holding 700 barrels each, to supply water to quench the thirst of the multitude and the stock.

The grounds are full of fine shade trees, and still further to improve them, no less than 2,500 shade trees of various descriptions have been planted.

The Association employ a competent man, who devotes his exclusive attention to beautifying the grounds and preserve them from the spoliation of the careless and mischievous. They pay him \$600 per year, and furnish him with a house to live in. So much for the grounds and appearances.

Yesterday, after the exhibition of the ring for Indiana horses, several trotters tested their speed on the time track. There was, however, little competition, and in consequence of the lateness of the hour, the performance of those entered in several rings in this class was postponed until to-day. It was thought there would be a spirited contest between stallions, five years old and upwards, but the hopes of the crowd were blighted.

There were but two entries, viz: J. Mair's "Tipper Sultan" and Mr. Burk's Green Mountain Black Hawk. For reasons which, for aught we know, concern no one but himself, the owner of "Tipper Sultan" withdrew him, and Green Mountain Black Hawk had all the glory. He came, he "went," and made the mile in 2:40 by the official time, and 2:39 by others. His stylish appearance and splendid form, and his fine action, excited general admiration. When we mention the fact that Mr. Burk's horse had fifty-two mares in his harem the present season, his time performance will be understood by those who have appreciative knowledge.
